

AUSTRALIAN **COMPENSATION PLAN** OVERVIEW

Effective from | 1 April, 2020

THE ACN OPPORTUNITY HAS BEEN DESIGNED TO HELP YOU BUILD A SUCCESSFUL BUSINESS OF YOUR OWN

ACN Independent Business Owners (IBOs) can earn money in two ways:

1. Monthly residual commissions based on their personal and downline customers' usage of ACN's services.
2. Weekly and Monthly Bonuses based on customer acquisition.

Compensation is earned only when customers are acquired.

Access your IBO Back Office for details on ACN's monthly promotional bonuses – designed to get new IBOs off to a fast start.

POSITIONS & QUALIFICATIONS

IBO Everyone starts ACN as an Independent Business Owner

Your goal should be to work your way through the earned positions detailed below. The positions you achieve are based on the total number of customers acquired between you and your team.

Earnings as an ACN IBO are based solely upon the successful sale of products to customers and their usage of those products. Individuals will incur expenses in operating their ACN business, such as the sign-up fee and renewal fee, as well as other possible operating expenses. As with any business, earnings and success at ACN are not guaranteed but depend primarily on the individual's commitment, persistence and effort. Individuals may not earn income and may lose money as an IBO.

ACN's Compensation Plan is subject to change without notice at ACN's discretion and for any reason.

*New Western Australian Independent Business Owners with a start date after 1 January 2019.

MONTHLY RESIDUAL COMMISSIONS

Over time, the majority of your compensation will come from the residual income you earn from the services your customers use. Customer acquisition is the fuel for your business, creating long-term income. By teaching other people how to gain customers, you can build residual income for yourself.

PERSONAL COMMISSIONS

As you acquire your own personal customers, you qualify to earn between 1% and 10% of their monthly commissionable revenue² based on their services. This percentage is based on your total number of Personal Customer Points:

1-29 Customer Points =	1%
30-49 Customer Points =	3%
50-74 Customer Points =	5%
75+ Customer Points =	10%

OVERRIDING RESIDUAL COMMISSIONS

All paperwork necessary for IBO commission qualifications must be received by ACN no later than 2pm on the first Friday of the month. Commission payments are generated on the third Friday of every month and lodged with your financial institution by the following Tuesday.

WEEKLY OVERRIDING CUSTOMER ACQUISITION BONUSES - CABS⁴

Overriding Customer Acquisition Bonuses (CABs) are paid when your newly sponsored IBOs become qualified within 30 days of their start date. In order to count for qualifications, all new customers must show a "complete" status on the IBO's Personal Customer List. A customer will show a "complete" status when all the necessary information has been received and processed by ACN.

Open Line CABs are bonuses you earn when IBOs in your organisation, **who are not under an IBO that has reached the same earned position** (or higher) that you have reached, acquire customers to become qualified within 30 days of their start date.

Generational CABs are bonuses you earn when IBOs in your organisation, **who are under an IBO that has reached the same earned position** (or higher) that you have reached, acquire customers to become qualified within 30 days of their start date.

REMEMBER:

Compensation is earned **only** when customers are acquired. ACN reserves the right to retract the payment of any bonus or commission if it is found that a customer used to qualify for a bonus or a certain commission level was not a valid billing customer.

AUSTRALIAN CUSTOMER POINT SYSTEM & COMMISSIONABLE REVENUE

The only way to earn income at ACN is through the acquisition of customers; therefore all IBOs must acquire customers in order to meet qualifications and advance through ACN's earned positions. ACN utilises a Customer Point system for each of its products and services. Services provide long-term residual income.

**Commissionable revenue is billed revenue less taxes, surcharges and an allowance for bad debt. ACN reserves the right to reduce commissionable revenue by a percentage factor for promotional plans, products, negotiated pricing or certain services. Commissionable Billing for some products is a fixed amount. IBOs receive a percentage of these amounts each month depending on where they fall in the Compensation Plan.*

Terms and conditions:

Accreditation To receive qualifications and compensation for customers successfully referred to any ACN Pacific partner via ACN, IBOs must be current with their Australian accreditation requirements in accordance with ACN Pacific's policies. If an IBO does not complete the required accreditation training modules, including CAC Accreditation, Vodafone Accreditation, and Energy Accreditation, prior to or within 90 days of a successful customer service referral then the IBO will not receive points, qualification or commissions for the customer's service.

Monthly Billing refers to a) for ACN billed products invoice amount of your customers' bill less GST less non-commissionable charges and b) for all other products standard monthly rate as determined within the "Customer Point System & Commissionable Revenue" table.

1. **Monthly Downline Billing** is the total monthly billing of your personal and downline customers.
2. **Commissionable Revenue** is derived from monthly billing less taxes, surcharges and an allowance for bad debt. ACN reserves the right to reduce commissionable revenue by a percentage factor for promotional plans, products, negotiated pricing or certain services.
3. **Upline commissions** are halved when the personal commissions are 3% or higher for customers and/or services acquired prior to 1 September, 2014.
4. **An IBO must maintain** the requirements for CQ (see page 2 of this document) in order to be eligible to be paid CABs, Commissions and Promotional Bonuses.
5. **A maximum Customer Point threshold** applies to the following Australian services: Mobile + Mobile Broadband – Vodafone, nbn™ Broadband, Cloud Phone Services, Security Services and Energy. A maximum of 50 customer points for each of these services can be awarded to a single customer account. This maximum customer points threshold will only apply to new services added to a customer's account after 1 July, 2011. This maximum customer points threshold does not replace ACN's CQ qualification requirements (see the current Compensation Plan and section 1.8G of ACN's Policies & Procedures).
6. **A Service will not be considered complete** and you will not gain qualification points until a complete online service order has been received.
7. **Mobile & Mobile Broadband** - Vodafone - A "connection" occurs where a customer connects a new service to the Vodafone network via ACN. An "upgrade" occurs where any customer with an existing service from any provider connected to the Vodafone network, commits to a new fixed term contract via ACN. This includes, but is not limited to, providers such as Vodafone, Lebara, Kogan, TPG and inet Mobile. Only revenue generated by the monthly plan fee is commissionable. Equipment instalments and add-ons are excluded. IBOs will not receive qualification points or commissions for a Vodafone Mobile or Mobile Broadband Service until the service has been activated. **Purge Rules:** For all contract terms, a Vodafone service will purge immediately if the service is cancelled or ported to another provider. **Month-to-Month Service** will be purged at 12 months unless the service is upgraded by the IBO prior to the end of 12 months. **12 month SIM only or 12 month handset contract** Service will be purged at 12 months unless the service is upgraded by the IBO prior to the end of the 12 month term. If the service is upgraded by Vodafone directly within the 12 month contract term, the service will purge at the end of the 12 month contract term. If the service is upgraded by an external Vodafone channel, then the service will purge immediately. **24 month handset contract:** Service will be purged at 24 months unless the service is upgraded by the IBO prior to the end of the 24 month term. If the service is upgraded by Vodafone directly within the 24 month contract term, the service will purge at the end of the 24 month contract term. If the service is upgraded by an external Vodafone channel, then the service will purge immediately. **36 month handset contract** Service will be purged at 36 months unless the service is upgraded by the IBO prior to the end of the 36 month term. If the service is upgraded by an external Vodafone channel, then the service will purge immediately. **Purged Customer Upgrade:** An IBO can upgrade a purged out of contract Vodafone Mobile customer formerly allocated to another IBO, as long as the upgrade order is processed 32 days or more after the end of the customer's existing Vodafone Mobile contract. In this case the customer will be reinstated as Active and the referring IBO will be awarded points and residual, rather than the original referring IBO. **Accreditation** To receive qualifications and compensation for customers successfully referred to Vodafone via ACN, IBOs must be current with their Australian accreditation requirements in accordance with ACN Pacific's policies. If an IBO does not complete Vodafone accreditation prior to or within 90 days of a successful Vodafone customer service referral then the IBO will not receive qualification or commissions for the customer's service. **Number spinning** will not be eligible for qualification points and will not earn commission. Number spinning may also result in the termination of an IBO position. Number spinning includes: (i) A service that is ported away from Vodafone then ported back to Vodafone within a 60 day period and/or (ii) A new service that is activated for an existing Vodafone Customer, followed by a cancellation of an existing prepaid or postpaid service in the same customer name within a 60 day period.
8. **A Click Energy or amaysim energy Service** will be purged after 48 months or if the customer cancels or switches provider, whichever occurs first. You will cease to receive points and commission for purged services. Customer Points are only awarded for new Click Energy and amaysim energy customers. No points will be awarded to IBOs whose customers are still under contract with EnergyAustralia (via ACN) switching to Click Energy or amaysim. **Duplicate meter rules:** Where Click Energy or amaysim receives an order for a duplicate electricity or gas meter (i.e. the meter is associated with a service already allocated to an IBO in PCL under a different account), the new order will be held as an incomplete service in PCL, and will be ineligible for points, commissions, qualifications and bonuses until such time as the original account and service is closed. Where Click Energy or amaysim receives a new order for an electricity or gas meter that was previously ordered and activated by Click Energy or amaysim within a 120 day period, the new order will be awarded as a commission-only service in PCL and will be ineligible for points, qualifications and bonuses.
9. **A Broadband (nbn™)** service(s) will not be considered complete and you will not gain qualification points until the customer has passed a credit check. Equipment revenue is not commissionable.
10. **If a Mobile, Mobile Broadband, nbn™ Broadband, MyNetFone or Energy customer cancels** their service within the first 90 days, the service will immediately stop counting towards qualification and will result in automatic reversal of all bonuses and CABs.
11. **Active Customer Upgrades** Where an active ACN Vodafone Mobile customer upgrades via ACN and the new upgraded order is completed within 90 days of the previous order date, their scheduled ACN customer purge date, customer points, and residual commission will not change and will reflect the customer's original order placed via ACN. Where an active ACN Vodafone Mobile customer upgrades via ACN and the new upgraded order is completed more than 90 days after the customer's original order, the scheduled ACN customer purge date, customer points, and residuals will be updated to reflect the new customer order.
12. **Sphere New Merchants is defined as** customers who cannot supply a previous electronic processing history or who have not previously had electronic payment services. Points for a Sphere Payment Processing will be allocated to the IBO when the service account is merchant-approved. Customer point(s) acquired for each successful service activation are static allocations based on point in time payment processing volume (\$) as evidenced by the Merchant's provided statement/s, or lack thereof, during sign up. Volume (\$) fluctuations in the Merchant's monthly processed revenue will not alter original customer point(s) allocation, but will however be reflected in IBO residual commissions.
13. **Commissionable revenue is paid** on Sphere Payments revenue for the life of the customer, less taxes, surcharges and an allowance for bad debt. ACN reserves the right to reduce commissionable revenue by a percentage factor for promotional plans, products, negotiated pricing or certain services.
14. **Security Services (ADT)** Customer Points are only awarded for new ADT customers. ADT Customer Points will be purged after 36 months or earlier if the customer cancels their service. You will cease to receive points and commission for purged services.
15. **A "MyNetFone customer" refers to a customer** who connects a new MyNetFone Virtual PBX "Cloud Phone" telephone service on an eligible plan.
16. **A MyNetFone customer will not be considered complete** and you will not gain customer points until the customer accepts a formal offer of service from MyNetFone and the service is activated.
17. **Monthly Commissionable Revenue is calculated based on** the monthly plan fee invoiced each month and is paid for the life of the customer. Customers whose accounts are suspended due to non-payment of invoice(s) and/or that are not in good standing with MyNetFone contract terms, will not qualify for commission during this period. Equipment revenue, additional subscriptions and other MyNetFone products and services are not commissionable.
18. **Points and commissions paid on life of customer** - while that customer continues as an active billing customer of MyNetFone on a Virtual PBX Cloud Phone plan, and while ACN remains in an agency relationship with MyNetFone.
19. **CQ promotion (AU)** - During the promotional period from 1 March 2019 until the end of this month, Australia IBOs (except WA IBOs) can qualify with 6 customer points from at least 3 services. This promotion applies to IBOs with a start date after 1 March 2019.
20. **CQ promotion for new Western Australian IBOs** who joined after 1 January 2019. Western Australian IBOs must hold an active, valid ABN that is registered in the state of Western Australia and must have a residential address that is also within the state of Western Australia.
21. In the event an existing Click Energy service moves to an amaysim energy product, or an amaysim energy service moves to a Click Energy product, the following rules will apply:
 - a) if the service was initially referred to either retailer (Click Energy or amaysim) via an ACN IBO, the service will remain active in PCL and will carry on for the remainder of 48 months from the original sign-up date, or until such time as the customer closes their account. The initial referring IBO will retain the service in their PCL for this period – points will not be transferred to another IBO. This transfer between retailers will be treated as a plan change and will not count toward any bonuses related to new customer acquisition.
 - b) if the service was not initially referred to either retailer (Click Energy or amaysim) via an ACN IBO, no customer points will be allocated in PCL.
22. **amaysim energy** offers available to customers in **Victoria only**. amaysim orders of any kind submitted outside of Victoria will not result in points or commissions being allocated to an IBO.
23. **amaysim Mobile** - IBOs must complete both Australian Customer Acquisition Code and amaysim Mobile Accreditation prior to referring customers. New Number and Switched Number services will award points 45 days from activation and will not be eligible for qualification or customer acquisition bonuses unless explicitly stated. IBOs cannot sign-up existing amaysim services under ACN. Amaysim 'As You Go' (AYG) and amaysim data-only plans (mobile broadband services) are not commissionable for IBOs. Existing active ACN Mobile services signing up to amaysim will be allocated to the IBO currently recognised for the service, even where the new amaysim application is referred by a different IBO.
